## PRESIDENT'S PONDERINGS

We are heading into the last month of summer. This summer has been hot, humid, smoky and rainy. I am looking forward to some cooler days in August. Soon fall will be here.

Our July picnic was held on July 12<sup>th</sup> at Alto. There were 20 people that attended. We had plenty to eat and wonderful conversations. A good time was had by all.

In a future newsletter there will be an article of early computer usage. If in your former life (pre-retirement), you have an interesting story of how you began using computers or what you did, please send me a paragraph or two on it.

The core group is redesigning our logo. We have a few samples that were created using ChatGPT. This is an excellent example where one of our presentations (on ChatGPT) was beneficial. We hope to include the logo in our next newsletter and website shortly.

The board is continuing to work on our new website. The current [LCACE.org](http://LCACE.org) website is not being maintained. We plan on having a new website in place by Saturday's meeting. The new website is [lcace.apcug.org](http://lcace.apcug.org). This version will have the basic information about our group. The core group is reviewing what should also be included in the new website. Lester has been the main developer of the website. Lester and David have been working with APCUG as APCUG will be hosting our new website. APCUG has provided much information in getting our website up and running. If you have any comments for the new website, please attend the next core meeting or email your suggestions to me.

I have been sending out emails for people to join [LCACE-Members@groups.io](mailto:LCACE-Members@groups.io), our new email group. There are several members from the Google group email list that have not responded to my emails. The turnover date was August 1<sup>st</sup>. A pdf of this newsletter is being sent only to the members of the IO group. I will be sending out an email to the Google group members that the turnover has taken place. If anyone wishes to continue receiving LCACE information, they will need to contact me.
